GRADING INFORMATION

GRADES 4-6:

Face to face students will be enrolled in technology class all year and will receive instruction in their classroom once a week. Students are graded based on effort and conduct. In the event a fully online experience is necessary, students will not be required to complete technology lessons. However, there will be enrichment activities. Mrs. Darling and Ms. Thompson will be available for technical support, answering questions, and solving technology related issues.

GRADES 7-8:

Face to face students will be enrolled in technology class for a semester and will receive instruction in their classrooms once a week. Students are given an academic grade for assignments as well as an effort and conduct score.
